## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment filed on 05/21/2007 is acknowledged and has been entered into the records. The Examiner has accepted applicant's amendments. However, the Examiner has discovered a new deficiency in the claims, which is the subject of this office action. Claims 1-26 are currently pending in the application.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1 and 16, the relationship between the object and the first body is not clear. Is the body part of the object, or is it outside of the object? Appropriate correction is required.

4. Claims 2-15 and 17-26 are objected to because they are dependent on rejected base claims.
